FORUM OVERVIEW

Each year, the Canadian Academy of Health Sciences (CAHS) hosts an annual Forum bringing together CAHS Fellows – world-renowned leaders in academic health sciences – to share their expertise in an interdisciplinary setting. The series, now in its 17th year, focuses on important and emerging new areas of health sciences research and practice.

This event promises to bring CAHS Fellows from across the country together with experts in the field. It will provide an unparalleled opportunity to showcase your programs, products, services and innovations to leaders of key regional and national markets.

CAHS Fellows are world-renowned leaders and innovators who have a history of outstanding performance in the academic health sciences in Canada. The Forum is an opportunity to provide insight and drive change and improvement for the health of Canadians.

PROGRAM

The 2022 Forum will be led by Co-Chairs, **Dr. R. Nicholas Carleton**, PhD, RD Psych, FCAHS, Professor of Psychology, University of Regina, **Dr. Joy C. MacDermid**, PT, PhD FCAHS, FRSC, Co-director Clinical Research, Lab, Roth|McFarlane Hand and Upper Limb Centre, Distinguished University Professor, Physical Therapy and Surgery, University of Western Ontario, and **Dr. Alain Brunet**, PhD, FCAHS, Professor and Director of the McGill Research Laboratory on Traumatic Stress at McGill University.

Supporting the Mental and Physical Health of Public Safety Personnel

Public Safety Personnel (PSP) face diverse psychological stressors, toxic physical exposures, and risk of physical injury and death, all in the routine performance of their duties. There is also evidence of other operational and organizational stressors having important negative impacts on PSP health.

The 2022 CAHS Forum will explore PSP mental and physical health and the impact on PSP, healthcare solutions as well as the barriers to care including stigma and cultural challenges, and examine new opportunities and upcoming challenges. The 2022 CAHS Forum will focus on providing avenues for health research, treatment, training, and knowledge translation, emphasizing meaningful impact for diverse audiences and catalyzing interactions in support of PSP among CAHS members.
