

# With a prescription, reimbursement is often available

## TIPS FOR REIMBURSEMENT

- ▶ All insurance companies have the **AeroChamber®** devices and the **Aerobika®** device in their system
- ▶ Plan coverage for these devices is dependent on what level of plan the employer has in place for their employee
- ▶ Devices are often covered on extended health benefits via a manual submission process. This means that the patient has to pay up front at the pharmacy and submit the prescription receipt to their insurance carrier.
- ▶ Most insurance plans will reimburse for a new **AeroChamber®** device or an **Aerobika®** device every 12–24 months (per patient)
- ▶ Green Shield and SSQ will adjudicate at the counter using [www.providerconnect.ca](http://www.providerconnect.ca) if the pharmacy submits on behalf of the patient

Pay in store  
and receive the  
prescription receipt.

Manually submit to  
your insurance provider  
by web or mail.

Receive  
reimbursement.
