3:50 pm EDT Closing Remarks

Dr. Andrew Mclvor

Learning Objectives

By reviewing common conditions we hope to allow the non specialist to be more confident and competent in the diagnosis and initial management of Respiriology.

At the conclusion of this activity, the Learner will be able to:

- Provide a summary of updates on common respiratory conditions
- Discuss new approaches to diagnosis and management of respiratory conditions
- Review the recommendations from current respiratory guidelines

This program has received educational grants from: AstraZeneca, Boehringer-Ingelheim, GSK Canada, Sanofi, Grifols, Valeo, Covis, MagGas Medical Inc.
