

HEALTH MEANS THE WORLD TO US

North American Refugee Health Conference (NARHC) September 11-13, 2025 Niagara Falls, Ontario Canada

Benefits of your support include:

- Access to **up to 700** researchers, physicians, health care professionals and community partners from across Canada
- Creating **better educated and more culturally competent** health care providers
- **Demonstrating your commitment** to improving health care for refugees

Dear Colleagues,

We are excited to announce the North American Refugee Health Conference (NARHC) to be held in September 2025 at the Sheraton Hotel in Niagara Falls, Ontario, Canada. NARHC has become the largest clinical refugee conference globally since its inception in 2009 in Toronto.

This conference is being planned and executed by NARHC Inc., the new not-for-profit organization. In addition to implementing the premier global refugee health meeting based in Canada, NARHC Inc. has an expanded mandate for health education in the settlement sector.

The conference will focus on best practice, education, research, and advocacy on all aspects of refugee health from flight to settlement for Government Assisted Refugees and Refugee Claimants. The call for abstracts allows organizations and individuals to profile the most up-to-date activities, policies, research and best practices. We are expecting 500 to 800 health care providers, settlement workers, policy makers, public health specialists, and refugees at NARHC2025.

Your support to make NARHC2025 a great success is urgently needed and will be recognized on all our print and online material. Benefits of your support include:

- Having access to up to 800 settlement workers, health care providers, organizations, researchers, policy makers from across Canada to discuss challenges and solutions
- Being a pioneer in building inter-sectional health and settlement policy
- Demonstrating your commitment to improving health care and settlement outcomes for refugees
- Supporting inter-sectorial workshops to help educate settlement workers on health issues

Please take a moment to review the supporter levels and benefits included on the next page and consider what you can give. We can be reached via phone or e-mail to answer your questions

Sincerely,

Dr. Anna Banerji O.Ont., MD, MPH, FRCPC, FAAP, DTM&H CTropMed
Executive Director, NARHC Inc., Chair of NARHC 2025
