

Thermal Storage to produce
Emissions-free steam with electricity...
... and mitigate curtailment

ETES

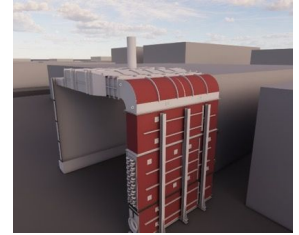

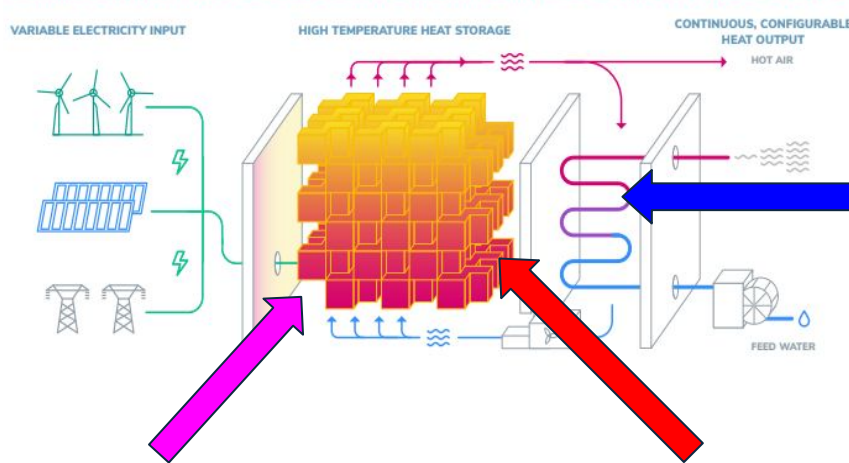

+ =

Technology Provider: Rondo Energy, www.rondo.com

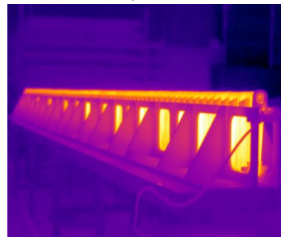

The Technology

A new combination of existing technologies
No fire or toxic release risk

HRSG / OTSG

Standard designs
Existing suppliers

Resistive Heaters

Simple design
Widely used

Refractory Brick

Abundant material
Existing suppliers

The Opportunity

Affordable, Resilient & Clean Growth

- **Reducing industrial emissions affordably**
- **Attracting industries needing “clean” steam**
- **Growing power generation curtailment-free**

... and creating a new low-emissions oil sands production pathway
