

PMH & ILROG Conference | March 26-28, 2026

Program At-A-Glance **all times are in EDT*

Day 1: March 26, 2026

8:00 – 9:00	Registration & Breakfast Courtyard / Alexander / Spadina Foyers	
9:00 – 9:15	Welcome & Introductions Keith Stewart , Dennis Kim , John Kuruvilla Courtyard Ballroom A / B	
9:15 – 10:15	Opening Keynote Advancing Complex Malignant Hematology in Ontario: From Evolution to Innovation in Shared Care Chris Bredeson	
10:15 – 10:45	Refreshment Break Courtyard / Alexander / Spadina Foyers	
10:45 – 12:15	Concurrent Sessions Breakouts run concurrently	
	Breakout 1 Leukemia Courtyard Ballroom A Clonal Hematopoiesis, CCUS and Early MDS Aniket Bankar Emerging Role of Interferon in ET and PV Dawn Maze CALR Directed Therapies in MPN Vikas Gupta	ILROG Strategic Planning Courtyard Ballroom B Moderated by Jillian Gunther, Brandon Imber
12:15 – 1:45	Lunch Courtyard / Alexander / Spadina Foyers	
1:45 – 3:15	Concurrent Sessions Breakouts run concurrently	
	Breakout 2 Myeloma Courtyard Ballroom A Evolving Frontline Strategies for Multiple Myeloma Guido Lancman Changing Landscape for 2nd Line Treatment for Relapsed Multiple Myeloma Suzanne Trudell Monoclonal Gammopathy of Renal Significance (MGRS) from the Perspective of a Hematologist Vishal Kukreti	Breakout 3 Extranodal Lymphomas Courtyard Ballroom B T-cell/NK Cases Tomohiro Aoki Case-based - Extranodal B-cell Lymphomas Jillian Gunther Illustrative Cases of Cutaneous Lymphomas Richard Hoppe
3:15 – 3:45	Refreshment Break Courtyard / Alexander / Spadina Foyers	
3:45 – 5:15	Concurrent Sessions Breakouts run concurrently	
	Breakout 4 Targeted Therapy in Acute Myeloid Leukemia: From Molecular Heterogeneity to Clinical Application Courtyard Ballroom A Chemo-immunotherapy in ALL Maria Agustina Perusini Targeted Therapy in AML Andre Schuh High Risk MDS Karen Yee	Breakout 5 Deauville 4 and Other Dilemmas: Case-based lessons in Image Guidance & Response Adaptation in Lymphoma Courtyard Ballroom A Response Adaptation or Succinct Review of Current Indications for RT in DLBCL George Mikhaeel Imaging Dilemmas Ur Metser Pet Imaging Vanessa Murad Clinical Dilemmas Abi Vijenthira

Day 2: March 27, 2026

7:30 – 8:30	Registration & Breakfast Courtyard / Alexander / Spadina Foyers	
8:30 – 10:00	Concurrent Sessions Breakouts run concurrently	
	Breakout 6 Chronic Lymphocytic Leukemia and Low Grade Lymphoma Courtyard Ballroom A Chronic Lymphocytic Leukemia Abi Vijenthira Advanced Stage FL Robert Kridel Low dose RT for Indolent NHL Brandon Imber	Breakout 7 Delivering Durable Benefit: Allo-HCT for Older Adults, Maintenance, and Long-Term Complications Courtyard Ballroom B Transplant of Older Patients Rajat Kumar Maintenance Therapy Post Allo-BMT Dennis Kim Long-term Complication After Allo-BMT Corey Cutler
10:00 – 10:30	Refreshment Break Courtyard / Alexander / Spadina Foyers	
10:30 – 12:15	CAR T Cell Courtyard A / B The Landscape of CAR T in Canada Sita Bhella CAR T Patient Selection and Preparation Caron Jacobson Contrasting Cell Therapies: CAR T and AlloBMT Christine Chen , Ivan Pasic	
12:15 – 1:15	Hodgkin's Lymphoma Session Courtyard A / B Illustrative Cases of Hodgkin's Lymphoma Michael Crump Illustrative Cases of Early-Stage Stage Hodgkin's Lymphoma Sarah Milgrom	
1:15 – 2:45	Lunch Courtyard / Alexander / Spadina Foyers	

PMH & ILROG Conference | March 26-28, 2026

Program At-A-Glance **all times are in EDT*

2:45 – 3:45	Abstract Oral Presentations Courtyard Ballroom A / B Abstract 1 - Evaluating optimal HCT bridging strategies in TP53-Mutated Myeloid Neoplasms Akhil Rajendra Kurup Abstract 2 - Imaging Mass Cytometry to Define Spatial Immune Architecture and Neuro-Immune Signaling in Tumor Microenvironments Ralph DaCosta Abstract 3 - Real-world Experience with First-Line Regimens in Transplant-Ineligible Patients with Multiple Myeloma Danyal Ladha Abstract 4 - Quadshot Radiotherapy as Bridging Therapy for Adult Lymphoma Patients: A Single-Institutional Experience Johnathan Zeng Abstract 5 - Capturing the Live Interactions Between T Cells and AML in the Bone Marrow Microenvironment Using Intravital Imaging Sadaf Mazhab Jafari Abstract 6 - Limited-Stage Mantle Cell Lymphoma: Real-World Outcomes According to Nodal vs. Extranodal Presentation Sun-Hye Ko
3:45 – 5:15	MRD Symposium (Leukemia and LMT) Courtyard Ballroom A / B AML Heterogeneity and Chemo Response Andy Zeng AML Steve Chan Lymphoma Robert Kridel
5:15 – 6:30	Poster Viewing & Reception Courtyard Ballroom C and Foyer

Day 3: March 28, 2026

7:30 – 8:30	Registration, Breakfast, Sponsors (Exhibition Hall Foyer) & Posters (Exhibition Hall C)	
8:30 – 10:00	Concurrent Sessions Breakouts run concurrently	
10:00 – 11:30	Breakout 8 Aggressive Lymphoma Courtyard Ballroom A Case-based Discussion John Kuruvilla Clinical Dilemmas Inna Gong Aggressive Histology Lymphomas Christopher Kelsey	Breakout 9 Nursing – Developing Nursing Confidence in Clinical Practice: Fever Management and Shared Care Courtyard Ballroom B Approach to Fever in Malignant Hematology: Infection, CRS, and Beyond Shea-Lyn Cutmore , Jessica Lois Shared Care in the Management of Hematologic Malignancies Kalique Dzidah , Rosemary Pivovarov
	Community Challenges in the Management of Complex Malignant Hematology Cases (with focus on how shared care models can be optimized) Courtyard Ballroom A Non-Intensive AML Inductions with Venetoclax / Azacitidine Mitchell Sabloff Bispecific Antibody Care and Post-CAR T-cell Care in the Community Sita Bhella Community Challenges in Lymphoma Management John Kuruvilla / Peter Anglin	ILROG Business: Research and Education Courtyard Ballroom B Moderated by Bouthaina Dabaja, Joachim Yahalom
11:30 – 12:00	Refreshment Break Courtyard / Alexander / Spadina Foyers	
12:00 – 1:00	Leukemia & Lymphoma Society of Canada Research Symposium: The Future of Hematologic Malignancies - From the Lab to the Clinic Courtyard Ballroom A Multidimensional Characterization of Tumor-Immune Architecture Reveals Clinically Relevant Classic Hodgkin Lymphoma Subtypes Tomohiro Aoki Microbiome Changes in Allogeneic Hematopoietic Cell Transplantation (Allo HCT) Doris Ponce	Breakout 10 Pharmacy Duke Boampong , Ivan Tyono Courtyard Ballroom B Reactivation of Infections in Immunocompromised Patients Nursing Recognition and Management of CRS and ICANS in Patients Treated with Bispecific Antibodies and CAR-T Shared Care in the Management of Hematologic Malignancies
	Closing Keynote Immunotherapy in Hematology Tak Mak Courtyard Ballroom A / B	
2:00 – 2:10	Closing Remarks
