4:00 pm EDT Closing Remarks Dr. Andrew McIvor

Learning Objectives

By reviewing common conditions we hope to allow the non specialist to be more confident and competent in the diagnosis and initial management of Respiriology.

At the conclusion of this activity, the Learner will be able to:

- Provide a summary of updates on common respiratory conditions
- Discuss new approaches to diagnosis and management of respiratory conditions
- Review the recommendations from current respiratory guidelines

This activity meets the certification criteria of the College of Family Physicians of Canada and the Quebec College of Family Physicians, a continuing professional development accrediting organization recognized by the Collège des médecins du Québec and has been approved for up to 5.50 Mainpro+® Certified Activity credits.

This program has received educational grants from: AstraZeneca Canada, Boehringer Ingelheim, GlaxoSmithKline, Maggas, Merck, Methapharm, Organon, Pfizer, Sanofi, Takeda and Trudell
