What Our Sponsors Are Saying:

Heidi Health:

"Infoway's Partnership Conference was one of the most worthwhile events we've done this year. What stood out to me most about the conference was how supported we felt—not just onsite, but in the lead up and in the follow through afterwards. It also created the right environment for thoughtful conversations about trust and privacy, including Canadian data residency and strong privacy alignment, which matter deeply to Heidi. We will be back next year."

- Maureen Green, Field Marketer at
Heidi Health

MedTechnologies:

"Despite being a front-line physician for nearly 30 years, I had no idea of the outstanding leadership work being done by the Infoway teams. They are truly bringing together Canadian health technology ecosystem and digital experts in a way that is both inspiring and essential. As the Innovation Start-Up Sponsor, HealthScreeningCanada was only a drop in the ocean, but every drop can help thanks to the support and teamwork."

- Christian Lamarre, Founder & CEO,
MedTechnologies
